CONSTITUTIONAL CONVENTION.

The Carson Tribuno advocates a Conven-

tion, saving The desire for calling a Constitutional Convention is daily increasing, and properly so, too, for unless it should occur there is no possible means of reducing the The Union Pacific's Building Operaexpenses of the State Government. It has been tried in the Legislature more than once, and after weeks of deliberation among our Solons bills have been passed and approved by the Chief Executive. which would have reduced the expenses of

the State many thousands per annum. This is notably the case in reference to the last session of the Legislature, but what has always been the result? Why, just an appeal to the Supreme Court, and the verdict of that body has been: "The Constitution of the State of Nevada inhibits any reform looking to the reduction of officers or their salaries." and they could do nothing else, so that the only recourse for taxpayers in the premises is to demand a Constitutional Convention in order that the much needed changes may be made and

We constude the remarks on the very important equestion, for the present, by calling general attention to the subject and expressing the hope that the Tribune will be supported in its initiative movement, for it must be recognized that now is the time for demanding so very necessary a

Changes in the Federal Constitution are being proposed nowadays in reckless profusion. The Farmers' Alliance, of Kansas, calls for the abelition of the Federal Supreme Court. The Huntington-Stanford Trouble.

Bucial to the Journay.

San Francisco, April 17.—The Board of Directors of the Southern Pacific Company unanimously passed the following resolution to-day, all the Directors being present except Senator Stanford.

WHEREAS, The recent election of C. P. Huntington to the Presidency of this company affords fitting occasion for the expression of our appreciation of the services of his predecessor in that office; therefore

Resolved, That we bumbly tender to Hon. Leland Stanford our thanks for uniform courtesy which he has displayed in the conduct of the office he has filled, and for the integrity and ability with which he has directed the affairs of this company; and while we welcome his successor to the office which he now fills, we tender to our former President our hearty wishes that he may realize the prosper-ty and happiness which are the fitting reward of a long life of earnest activity and high purpose.

The following letter from C. P. Huntington, recently elected President of the Southern Pacific Company, to Senator Leland Stanford, ex-President of the company, was made public this evening.

SOUTHERN PACIFIC COMPANY,

EXECUTIVE OFFICE, SAN FRANCISCO, April 15, 1890. DEAR GOVERNOR -So many items mentioning your name and mine have lately appeared in the daily papers that some of our friends think it would be well for me to write you a letter, hence this communication. Although I do not apprehend any danger that you and I will be put in an hostile attitude in our business or for that matter personal relations, but the intervention of others who do not altogether understand our difference may tend to separate our friends. Our views when at variance have been freely expressed, and it is needless to allude to them farther than to say that we have each of us agreed to Amendment; a Woman Suffrage Amend- at the Southern Pacific Board meeting were intended only as a seasonable expression the Fifteenth Amendment; an Amendment of my views upon these subjects. My words, and especially the phrase which funds, or as I expressed it, "Putting hands into the treasury of the company to defeat is not with the Constitution; that is the place the people's choice," have been construed in some quarters as a personal attack on you. Allow me to say that I greatly regret this impression since I did not intend to make such an attack or to charge that you figures compiled it is evident that the gold output will be practically the same as last year, \$32,800,000. THE SILVER QUESTION.

STANFORD THE SILVER QUESTION.

The House and Senato Committees And a Good Word for the Congressman Hopelessly Apart. Special to the Journal.

> WASHINGTON, April 17 .- The House and Senate Republican caucus committees are hopelessly apart on the silver question. After the last ineffectual meeting of the sub-committees the House contingent reported to the full committee their failure to agree. Thereupon Walker, of Massachusetts, addressed the committee, holding that concessions to the extreme silver men had been made with the understanding that something positive would be achieved, but as they had failed to reach an agreement, the House Committee should have to agree to the modified Windom bill reported by the Coinage Committee. This was put to a motion, which prevailed by a vote of 10 to 5.

The next step will be the report to the House of the Republican caucus, probably about Monday night. Indications are that the caucus will accept the House Committee bill and that it will pass the House. Meanwhile the Senate will probably pass its bill, and the matter will be turned over to a conference committee.

FREE COINAGE.

from Nevada.

WASHINGTON, D. C., April 11, 1890. EDITOR NEVADA STATE JOURNAL:-- MV ab tention has just been called to an absurd fulmination from a Mr. Michels in your issue of the 5th inst. It would not be humane for me by unkind words to add to the many private grievances which oppress that poor disappointed man. Where there is a hospital for the incurably mendecious. I know of no one with better aredentials for admission to it than he. Manifestly he is trying to break into a lunatio asylum. In his ravings there is not enough coherence or veri similitude to igstify any waste of words in denial.

The cause of free coinage is in a most promising way. I am intimately knowing of all that has been done by the committee here, to arouse interest among the people, to instruct and enlist members of Congress, and what has been done in the coinage committee; and it has all been done openly, sincerely, and if I am any judge of motives and aims, patriotically.

It has been matter of great gratification to the friends of bimetalism here, that your member of the Honse, who is also a member of the coinage committee, by his thorough mastery of the subject in its broader relations to statesmanship, sound monetary doctrine, and the general welfare, added to his high personal qualities of cander, sincerity and courtesy, has been a commanding force in the right direction, eys except two were fined \$40 each for in the discussions and deliberations of that committee.

Special to the Journal.

San Francisco, April 17 .- Suit has been brought by Augustin Bustamenti, assignee for Aguayos, who formerly swned the Mulatos mine, of Sonora, Mexico, to foreclose mortgages given by the purchasers in this city. The property was purchased on the strength of a report made by Dan Gillette and Alexis Janin, the large sum of \$1,575,000 being paid for it. Subsequently the discovery was made that the samples were salted and the purchasers stopped all further payments over and above a cash deposit of \$710,000. Two of the notes for the balance of \$865,000 have fallen due. and on them the present suit has been inthirty days.

WHAT IS

SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which developes ulcers in the eyes, cars, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors:" which. fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for the disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla.

"My daughter Mary was afflicted with scrof-blons sore neck from the time she was 22 months old till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. CARLILE, Nauright, N. J.

THE UNION CANAL COMPANY.

Digging a Ditch from the Level of the River

The Silver State, of Wednesday, says. A week ago to-day the dam of the Union Canal Company at Big Meadows was washed out. The dam was believed to be one of the best in the Humboldt and it

covered about 7,000 acres of land divided into twenty-one farms. As it is impossible to rebuild the dam when the river is high and the farmers must have water to irrigate their lands, Judge Bonnifield says they have concluded to dig a canal below the present level of the river and let a part of the stream flow into it. As the river is certain to be high until late in July, they can doubtless by this method get sufficient water to irrigate their farms until grain is

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of outting teeth? If so send at once and get a bottle of Mrs. Winslow's Southing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cares dysenlery and diarrhoa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflamation, and gives tone and energy to the whole system. Mrs. Wins-low 8 Soothing Syrup for Children Teeth-ing is pleasant to the taste, and is the Pleza St., opposite S. P. McKISSICK OPERA HOUSE.

The Zig-Zäggers Will Meander To-

Morrow Night. The Zig-Zag Company will appear tomorrow night at the Opera House. The piece differs in great measure from any other skip of its kipd, in having some plot. It abounds in funny and original stage business. The cast especially engaged for this tour has been carefully selected from the best talent in the country, and among them are the following well-known names: Miss Frankie Kemble, who plays the priocipal role of "First," will best be remembered as the original "Yum Yum" in this country. Mrs. M. Adelaide Banks, 1ecently of the McCaull Opera Company, has in "Zig-Zag" the prominence her talents deserve. She has a sweetly pure soprano voice and her singing has gained her rapturous plaudits. Miss Alice Vane, the 'Mrs. Hopper' on the programme, is just fitted to the part, and the way she plays the "overbearing lady with a will of her own" must be seen to be appreciated. Miss Florence Brandon is a recent importation, but she is already a universal favorite, and her rich contralto voice, together with the abandon and chic with which she infuses her role, establishes her a strong card with the company. Mr. Sherman Wade, late of the Rice & Dixey Burlesque Company, whose dancing has surprised both bemispheres, is also with "Zig-Zag." Messrs. Tierney and Wayne are too well known to require much said in their praise. They assume their original positions and furnish much of the comedy that has made "Zig-Zag" so successful. Mr. Alf. P. Wheelan, also of the original company, has a remarkable bass voice, and in the character of "Roaring Bill" has proven himself to be possessed of rare qualifications. A chorus of pretty girls possess perfect figures, and their movements are exceedingly graceful. The new music and specialties introduced are strong features.

A New History of Utah.

Hon. C. C. Goodwin, editor of the Salt Lake Tribune, has announced it as his intention to write a history of Utah. The so-called history of that Territory, recently which he expects to keep the wolf from published by Bancroft, was the mere afterbirth of a Mormon abortion. It disgusted even the fair-minded among the Mormons. Judge says he will open with the topography, scenery, soil, etc., and will then write of the people from the time a white man first put foot in the country. The book will be profusely illustrated with views of scenery and portraits; the latter in fine line steel engravings. This book will at once take its place as a standard authority.

Bank of Nevada.

The annual meeting of the stockholders of the Bank of Nevada was held yesterday, and the present officers and Directors reelected for the ensning year.

A dividend of six per cent upon the paid ap capital stock of \$150,000 was declared for the past year, and the sum of \$7,500 carried to Reserve Fund account. The and the bank is steadily growing in popular esteem and favor. It is well managed, and is one of the solid moneyed institutions of the State.

A Good Showing.

The Enterprise says since the Endowment Rank of Odd Fellowship in this State was started, in June, 1885, the sum of \$21,946 05 has been paid out to widows and orphans. The running expenses have amounted in full to \$900, for printing, Secretary's salary, etc. Not very expensive insulance.

A Case of Scarlet Fever.

The Virginia Chronicle says: Eddie, the eldest son of Superintendent D. B. Lyman, is down with scarlet fever, but is not dangerously ill. As this is the first case of this disease that has occurred for several years in this community, it may possibly be the forerunner of an epidemic of that type and it behooves parents to take every sanitary precaution to preserve their children from an attack.
